

Mackie King is a Clinical Pharmacist Practitioner at Novant Health - New Hanover Regional Medical Center. He graduated from the Medical University of South Carolina and completed a PGY1 residency and PGY2 Ambulatory Care/Family Medicine residency at the University of Colorado Hospital. Mackie is an ambulatory care pharmacist practicing in an Internal Medicine residency teaching clinic and an HIV clinic. He is a board-certified pharmacotherapy specialist and is credentialed as an American Academy of HIV Pharmacist. In addition to managing HIV, Hepatitis C, and other chronic disease states, Mackie has helped lead system-wide initiatives to improve hypertension management and opioid stewardship at his organization.
