Availity Essentials Registration

EDI (Electronic Data Interchange) Clearinghouses are third-party service providers that serve as intermediaries between healthcare providers and payors. They facilitate the processing of electronic claims for medical reimbursement

- Availity Essentials is a widely used EDI Clearinghouse, contracted by many Standard and Tailored Medicaid Plans for claims processing.
- It functions as a multi-payor provider portal, enabling pharmacists to bill any Standard or Tailored Plan that partners with Availity.

To simplify your medical billing follow these three easy steps to set up your free account and portal access

Step 01

Create a free account
- visit www.Availity.com and select "*ESSENTIALS LOGIN*"
- Select security questions
- Confirm all the information
- Create account

Step 02

Check your inbox
- See verification email
- Click link to complete the account set up
- Create 2-step authentication
- Check the Availity user agreement

Step 03

Associate yourself with an organization i.e your pharmacy
For which you will need the following...
- Organization name
- Tax ID type (Select: EIN-employer identification number)
- Employer identification number
- Primary specialty taxonomy (Use 183500000X)
